Requesting Dept.: Police

The Atlanta Police Department is committed to improving traffic safety in the City and one highly effective means of enhancing traffic safety is to cooperate with neighboring jurisdictions to suppress DUI offenses while taking aggressive measures to enhance pedestrian safety. The Department has just been awarded a grant by the Governor's Office of Highway Safety to continue operation of a DUI enforcement/Pedestrian Safety unit to further reduce DUI related crashes, fatalities and injuries while enhancing the safety of pedestrian crosswalks at high traffic locations. An ORDINANCE is now required to anticipate and appropriate the new grant funds

2. Please provide background information regarding this legislation.

In October, 2001, the Atlanta Police Department implemented the first H. E. A. T grant, funded by the Governor's Office of Highway Safety to participate in a regionally coordinated multi-jurisdiction DUI enforcement program, designed to seamlessly enforce DUI laws across multiple jurisdiction boundaries. Grant funded police vehicles for

participating jurisdictions are painted with similar markings to give the appearance of a unified multi-jurisdictional enforcement program. Renewal grants have been awarded to the Atlanta Police Department annually and this award is just the latest in a series of renewal grants. As a result of this program, the number of DUI related fatalities in the City has fallen from 24 in 2000 to 9 in 2004. A total of 1,608 DUI arrests were recorded in 2005 indicating an aggressive no tolerance stance by the department concerning DUI.
